

攸泰科技未來佈局

成立11年複合成長率為 38%

企業價值

衛星 & 品牌 雙軌並行

- 衛星
 - 建立生態鍊，完備系統整合的能力。
 - 拓展市場：GEO → MEO → LEO，成為台灣移動式衛星地面設備市場領導者。

1. 品牌
 - 擴大銷售通路，貼近市場，提升品牌知名度。
 - 提供多樣化結合軟硬體及應用的全方位解決方案。

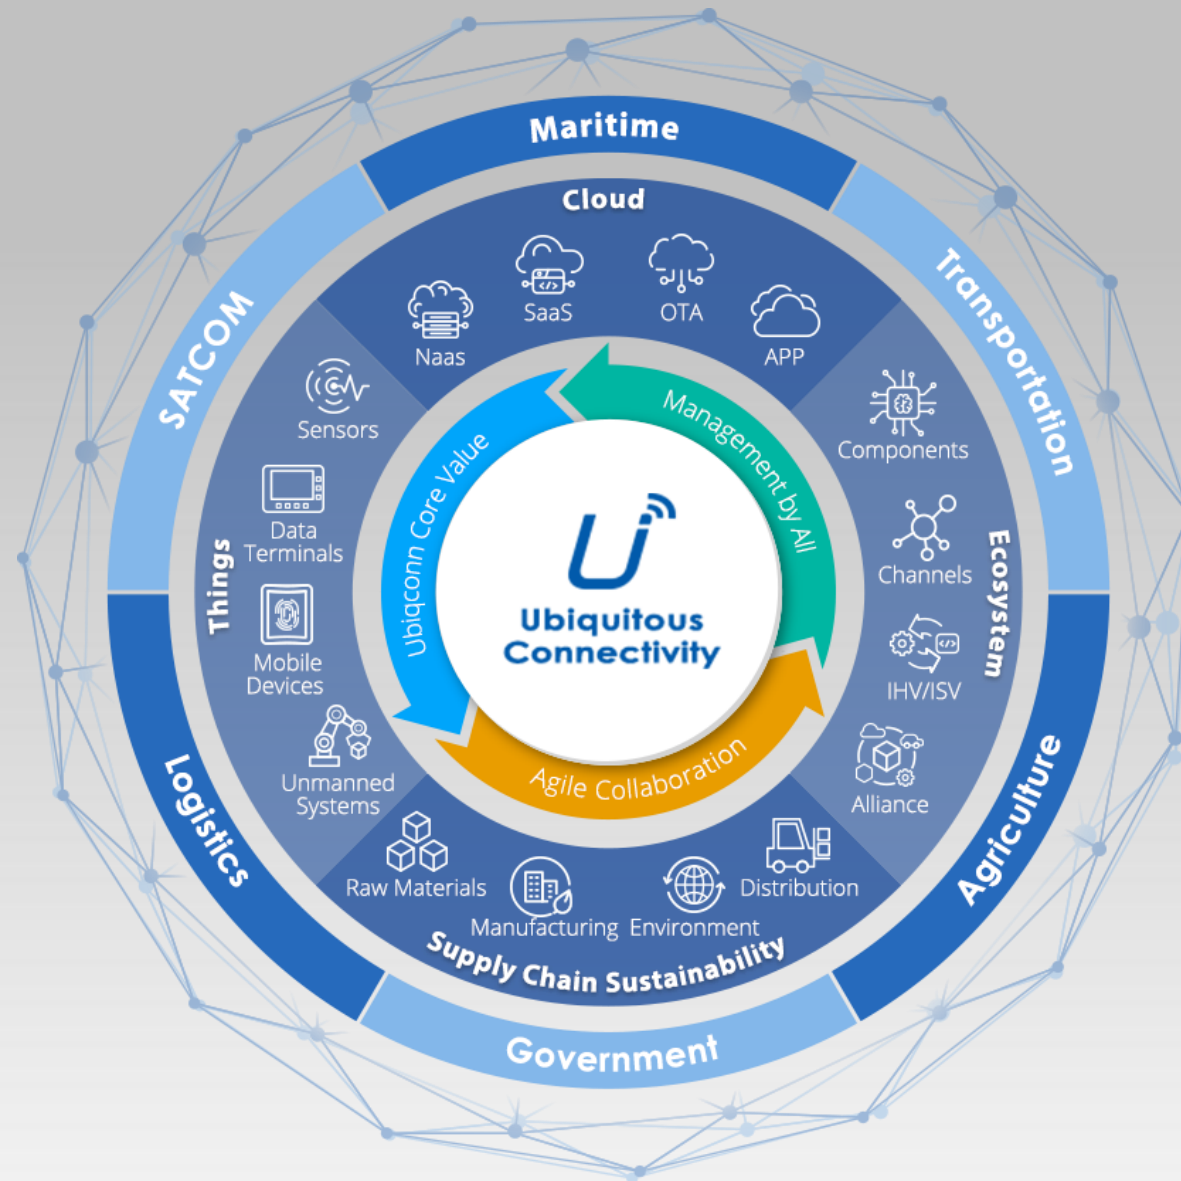

- 持續投入研發，建立技術壁壘。
- 投資彈性智慧製造，縮短流程，降低成本。

企業價值

願景 – 無所不在的連結

Smart Agriculture

智慧農業

Rextrom PX501C

Application:

- Precision terrain solutions
- Melon hole, contour banks, tiling, dams, ditching and full field solutions

Ms. Gwen Brittain

North American Operations Manager

It is a excite product to ensure to have good performance and full compatible with all T3rra software.

Why Ruggon:

- Fully compatible with T3RRA software.
- Advanced display with high brightness & hyper dimming to adapt to different conditions
- Advanced touch technology
- A wealth of I/O ports including standard RS-232 to fulfill field use

Global Defense

全球防禦

RUGGON

Rextorm PM-521

Application:

- Rugged tablet PM-521 was implemented with Teledyne FLIR's radio module along with joystick controller for Ground robotic application

Senior Account Executive at Connect Tech

Leon (Lee) John Raguz

RuggON offers consistency stability of products and being a reliable partner of Teledyne FLIR since 2015. Had experiencing Zebra L10 for a short time period, we've made our decision to select RuggON's new generation model – PA-501B as our 2nd choice of rugged tablet option.

Green Transportation

效能運輸

RUGGON

MT7030

Application:

- Navigation system
- TVCC display image
- Dispatch messages by remote control room
- Access tracking of passengers' season tickets

Mr. Andrea Cesanal

VP CSO & KAM presso JAMPEL S.r.l.

Excellent team support with great communication

Why Ruggon:

- Excellent team support with great communication

Intelligent Logistic

智能物流

VULCANX

Application:

- Warehouse management
- Warehouse fleet management (Forklift)

Mr. Mark Vance

Director of Mobile Systems at R+L Carrier

Satisfied with product package and service

Why Ruggon:

- 10.4" easily viewable screen
- Rugged case for heavy usage
- M12 robust connector
