Future Plan

Satellite

- Establish an ecological chain and complete system integration capabilities.
- Market development : GEO → MEO → LEO · Became the market leader of mobile satellite ground equipment in Taiwan.

Continue to invest in research and development to establish technical barriers.
Invest in elastic smart manufacturing, shorten the process and reduce costs.

Brand

- Expand sales channels, get closer to the market, and enhance brand awareness.
- Provide a full range of solutions that combine software, hardware and applications.
